

  
When will Coronavirus be Finished

  
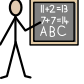

School is closed because of Coronavirus.

    
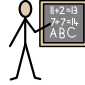

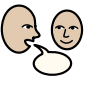

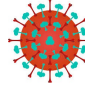

Nobody knows when Coronavirus will be finished.

        
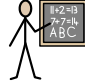

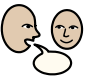

My parents don't know, my teachers don't know and the doctors don't know.

     
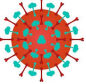

The doctors and hospitals are working on getting Coronavirus finished.

     
Nobody knows when school will open.

      
My parents don't know and my teachers don't know.

          
My parents and teachers will tell me when Coronavirus is finished.

          
My parents and teachers will tell me when school is open.

      
When Coronavirus is finished school will open again.
